AMIT PATIDAR

Product Management | Digital Transformation | B2B SaaS | AI/ML-Enabled Products
Sargasan, Gandhinagar, Gujarat | +91 9399277189 | amit.patidar189@gmail.com

PROFESSIONAL SUMMARY

Product Management and Digital Transformation professional with an MBA (IIM Bodh Gaya) and a B.Tech in Mechanical Engineering, with hands-on experience building and rolling out B2B workforce-management products for shift-based industries (port, warehouse, logistics, manufacturing, FMCG) and emerging fintech. Delivered 100% leave compliance, raised manpower fulfillment from 84% to 94% and sustained 80%+ daily app usage. Skilled at converting business problems into use cases, user stories, ER diagrams, workflows and BRDs, prioritizing features for phased releases, and driving Jira-tracked development, UAT and rollout. Build Python classification models (0.81 AUC absence prediction) and work with CXO-level stakeholders.

SKILLS

Product: Product Discovery | Requirement Gathering | Use Cases | User Stories | BRD | Functional Requirements | Workflow Design | ER Diagrams | UI Mockups | Feature Prioritization | Phased Release Planning | UAT | Product Rollout | Change Management | Stakeholder Management

Data & Technology: Jira | SQL | Python (Classification Models, 0.81 AUC) | Power BI | Tableau | Advanced Excel | Data Analysis | Data Visualization | Algorithmic Product Logic | ML-based Recommendation Features

Domains: B2B SaaS | Workforce Management | Supply Chain & Port Operations | Fintech / Investment Platforms | Digital Transformation

WORK EXPERIENCE

VERACITY SUPPLY CHAIN LTD. — Project Manager (Product & Digital Transformation) **Apr'26 – Present**

- **Product ownership:** Own the end-to-end lifecycle of ShiftEaze, an industry-agnostic platform for shift-based manpower (port, warehouse, logistics, manufacturing, FMCG), turning operational problems into use cases, user stories, BRDs, workflows, UI mockups and UAT plans tracked in Jira.
- **Scope:** Designed 9 modules (AI Roster Planner, Auto Rostering, Performance Passbook, Scheduler & Manpower Dashboards, Shift Manager, Enhanced Leave, Helpdesk, Shift Confirmation, Master Modules), deployed for 1,000+ operators across 6 Adani terminals.
- **Prioritization and scale:** Prioritize features and plan phased rollouts based on operational criticality and business impact, driving expansion of the platform to 8+ terminals/sites and 7,000+ operators through stakeholder workshops, development sign-off, UAT validation and on-ground rollout.
- **Business impact:** Achieved 100% leave compliance through the portal and lifted manpower fulfillment from 84% to 94% post-implementation, with 0 crane downtime during rollout on live port operations.
- **Data and ML:** Analyzed 300,000+ operational data points to design dashboards and planning templates, and built a Python absence-prediction classification model (0.81 AUC) that powers data-backed rostering decisions inside the product.
- **Stakeholders and adoption:** Drove 80%+ active app usage with daily interaction across the port and other sites through demos and user training, aligned operations, technology and management teams with SLA requirements, and created pitch decks and feature books for CXOs.

VERACITY SUPPLY CHAIN LTD. — Project Management (Live Project) **Aug'25 – Mar'26**

- Ran requirement discovery workshops with operations and management teams for a Fuel Management System covering a fleet of 2,000 trucks, documenting needs in structured BRDs and supporting data-driven vendor selection for technology providers.
- Led the Driver Management System for 1,500+ drivers, owning business requirements, documentation, stakeholder communication across Ops, Tech and Management, and UAT and rollout planning, with delivery tracked in Jira.

VERACITY SUPPLY CHAIN LTD. — Operations Management (Internship) **Apr'25 – Jul'25**

- Led end-to-end rostering software implementation at Adani Ports & SEZ Mundra for 1,000+ manpower, managing 180+ operators across 8 QCs and 24 RTGs with 0 crane downtime, and training teams on technology usage to ensure smooth adoption.
- Analyzed 300,000+ QC, RTG, RMG, RST and Gate operator moves and absenteeism using Power BI and Advanced Excel to drive rostering decisions.
- Presented roadmaps to CXOs (CEO, COO, ED), set up SOWs, SOPs and process flows, and onboarded 1,000+ operators with change management.

SELECTED PRODUCT PROJECTS

Enterprise Business Unit Digitization Platform **Current**

- Leading business problem discovery and requirement definition to digitize an entire business unit and all of its functions as a customized enterprise platform with advanced features, prioritizing scope for phased delivery and tracking progress in Jira.
- Translating business processes into use cases, user stories, ER diagrams, workflow diagrams and BRDs, and working with technology teams on algorithmic workflows and ML-based recommendation capabilities through development, UAT and implementation.

Property Investment & Ownership Platform (LLP-based) **Current**

- Translating the business model into product design for a platform where investors participate in property assets held via an LLP, with the invested amount mapped to proportional ownership in asset-holding tranches, and reflecting these ownership rules across investor journeys and workflows.
- Defining investor journeys, ownership structures, tranche relationships, platform rules, use cases, user stories, ER and workflow diagrams and BRDs for an algorithm-heavy financial platform, and overseeing development, UAT and implementation.

EDUCATION

MBA — Indian Institute of Management, Bodh Gaya (86.92%) **2026**

B.Tech, Mechanical Engineering — UIT RGPV, Bhopal (76.70%) **2024**

12th — Bansal Public School, Kota (64.60%), 2019 **10th — Patwa Academy for Education, Neemuch (81.70%), 2017**

ACADEMIC PROJECT

Smart Irrigation System — UIT RGPV, Bhopal **Jan'23 – Jun'23**

- Led a team to deploy a solar-powered smart irrigation solution, cutting water consumption by 25% and increasing crop yield by 30%.

LEADERSHIP, ACHIEVEMENTS & CERTIFICATIONS

- **Position of Responsibility —** Hostel & Mess Committee, IIM Bodh Gaya (2024): acted as the link between administration, mess contractors, maintenance staff and students, resolving 500+ issues raised by students and mess workers.
- **Sports —** Represented India and won 1st place in football at the inaugural South Asian Student Olympic Games, Bhutan (2015); national gold (2014).
- **Certifications —** Lean Six Sigma Green Belt, Grant Thornton accredited (2024); Circular Economy in Industry, UNIDO (2026).
